

The phrase or word you use to describe Winchester High School now?

101 responses

The phrase or word you want people to use to describe WHS after improvements?

66 responses

Pros of new building construction (Option #1)

-accessibility-airiness-
brightness-conducive to
current learning

Keep up with the times.
Handicapped accessible.
More space.Excellent
facilities for the future.

State of art

State of artTech savvy

Most efficientClean
slateNo surprises

New building...safe...

-Least disturbance of the
students during construction-
pride in the school-built to
specifications—more technology
can be implemented - more
modern

1. Security 2. Accessibility
3. Space

Pros of new building construction (Option #1)

Turn key
Build it how you want it

More efficient and economical and meets the needs for generations to come with technology and learning opportunities

Customizable, longevity, good draw for increase in population

Blank slate

Clean slate- less unforeseen expenses
Newest materials- newest technology
Looking as a benefit for community attractions

One level

Community involvement

EXPENSIVE

Pros of new building construction (Option #1)

No major pros

New

12

Cons of new building construction (Option #1)

Cost

\$36000000 Almost an entire group of kids will spend high school in temporary classrooms

Cost, time

Very expensive... Burden on taxpayers

Cost

Cost

Cost

Property tax increase

Cons of new building construction (Option #1)

More costs overall

We don't know what we need in the building

Expensive

Expensive

Pros of major renovations of existing building (Option #2)

NEEDED

None

None

None

Addresses
concernsUnified campus

Cheaper than 1Students
are in one place.

No major pros

Keeping the historical value
to our community while
addressing the needs of a
new generational

Pros of major renovations of existing building (Option #2)

None

4million savings
History-
sentimental aspect

F

Bandaid on a continued
problems

Cons of major renovations of existing building (Option #2)

Raised taxes

Too much money around old structure

Space

Still old foundation and structure

What happens to unused buildings?

BandaidLipstick on a pig

Old foundation/structure

Not knowing added costs, a bandaide for a couple generations

Cons of major renovations of existing building (Option #2)

Spending roughly the same amount of money on a 100 year old building

Takes a long time, moving students

Still expensive

None

Pros of basic remodel of existing building (Option #3)

Cost effective

None

Cost less

Lackluster option

Cheaper (but not worth it)

Less expense

Cheaper

Cheaper but not effective for long term

Pros of basic remodel of existing building (Option #3)

None

Less \$\$

ADA added Fix major
problems cost

Better than nothing I
guess

Better than nothing I
guess

Cons of basic remodel of existing building (Option #3)

Still have to remain within the parameters of the existing building

Not effective

Wasting money

Doesn't address security

Not effective

Band aide

Still have a 100 yr old building

Still old building

Cons of basic remodel of existing building (Option #3)

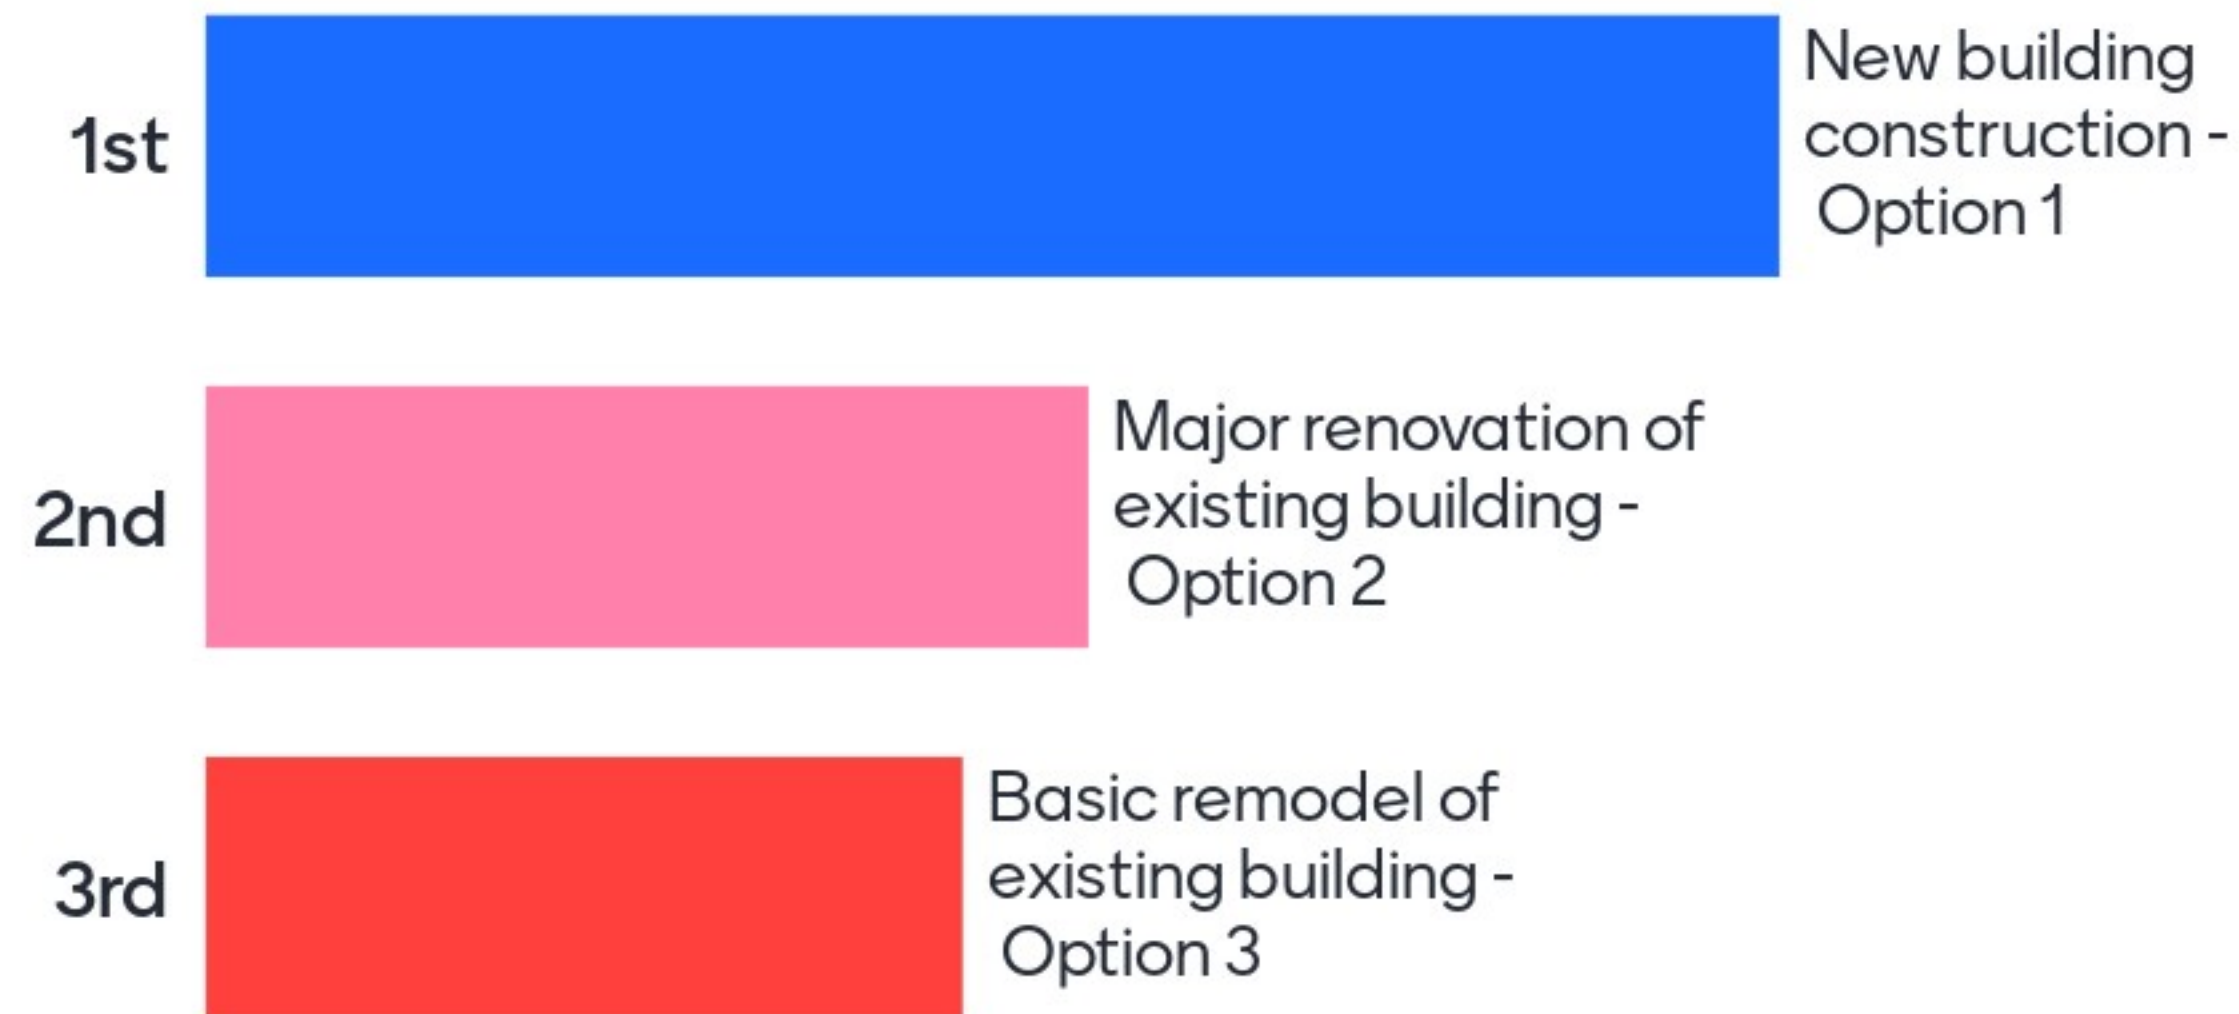

Not covering necessities

This won't do anything to make our school better long term. Not addressing the safety of the students.

Not solving issues of all ADA

No cafeteria

Please rank the 3 options, in order of your table's preference.

How can we improve ?

Printing out tax bill for people to see

Add what's NOT included in the 2nd and 3rd option
